Welcome to *comunidad Corazón*. We offer a wide variety of opportunities to volunteer. However, many volunteers and sponsors first become involved with Corazón through our construction projects. Corazón has been building and repairing homes in Mexico since it's beginning in 1978. Below are just some of the ways that you can become involved in our community. If you have a specific project in mind, please contact the office, 714.547.0357 or office@corazon.org, and we'll be glad to work with you to plan your event.

A successful construction project or special event in Mexico requires many hours of work by your group as well as *Corazón* staff and volunteers. Please review the following responsibilities with your group and sign and submit this form along with a deposit to the *Corazón* office. We are excited to have this partnership with you and invite you to provide continuing support of *Corazón* in the form of family sponsorships, scholarships, donation drives and/or general support for the *Corazón* program even after your construction project is finished.
